RETAIL ACCESS OPTIMIZATION INITIATIVE

Docket No. N2011-1

**NOTICE OF PUBLIC REPRESENTATIVE CONCERNING ERRATA
TO THE DIRECT TESTIMONY OF WITNESS JOHN P. KLINGENBERG [ERRATA]**
(October 4, 2011)

The Public Representative hereby provides notice that it is filing the errata to the testimony of witness John P. Klingenberg (PR-T-2). On September 26, at 11:43 a.m., the Postal Service revised the response of Witness Boldt to two ValPak interrogatories, the answers to which are directly related to this testimony. In an effort to ensure this testimony was accurate, with respect to the Postal Service's revised response, a last-minute change was made to a non-finalized version of the testimony which was inadvertently filed. The first change corrects an inadvertent omission of line numbers. The second corrects cites to the Library Reference (LR) that supports the testimony. The third, fourth, and fifth changes consists of word revisions. The five changes are indicated below and reflected in the attached, revised testimony.

<u>Page</u>	<u>Correction</u>
2 - 18	Line numbers are added to each page of witness PR-T-2 testimony
2	The allusion to a public PR-LR-3 is eliminated, the reference to the Library Reference supported by the Testimony, PR-LR-NP2, is corrected
8	The word "to" is omitted from the Title of Section V
12	Footnote 12 is revised from "When evaluating future Post Office closing procedures, driving distance proximity would be more informative, given fewer time constraints" to "When evaluating Post Office closings, analysis of driving distance proximity would be more informative, given fewer time constraints"
17	The term "pareto optimal" is revised to "pareto dominant"

Respectfully Submitted,
